# 2021 Conferences at a glance

Africa's leading healthcare industry professionals from various disciplines will come together once again at the 10th annual Africa Health Congress to facilitate discussion and thought leadership on the constant advancement of healthcare in the region.

The congress will cater for African healthcare professionals and share strategies that are shaping the future of medicine, whilst also evaluating the latest disruptors driving the transformation of healthcare in the continent.

The online sessions will take **25-29 October 2021** and you can watch and take part all in the comfort of your home or office.
