Clinical, leadership & management conferences

10
Years

Together for a healthier Africa

This year, all Africa Health conferences are **FREE TO ATTEND** in honor of our ten years of working together for a healthier Africa.

2022 conferences back to live in-person and FREE TO ATTEND

After a 2-year hiatus, Africa's healthcare community will gather under one roof over three days.

The 11th annual Africa Health Congress will once again bring together healthcare professionals from multiple disciplines to promote discussion and thought leadership on the advancement of healthcare in the region.

This international congress will address the needs of African healthcare professionals, share strategies that are transforming the future of medicine, and examine the latest disruptions in healthcare driving the transformation of the continent.
